

From the President: Chris Hansen

Hello DuKane ABATE!

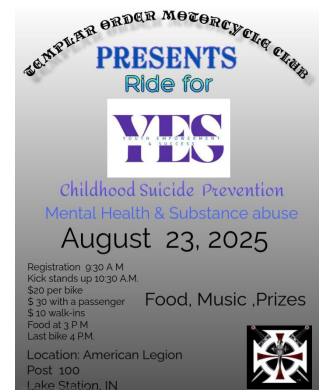

July was an incredibly busy month for our chapter with rides, advocacy, education, and work to preserve the rights and freedoms of motorcyclists and I thank you all for taking time out of your busy schedules to join us in everything we do. Now that the DuKane ABATE trailer has been repaired, it's time to update the wrap. I will be working on getting the trailer re-wrapped, including getting sponsors to pay for it and in return adding their logos to the trailer. I will keep the chapter posted on the progress. And, as I discussed at the July Monthly Membership Meeting, to clear up any confusion over a Facebook post, ABATE of Illinois and DuKane ABATE fully support Illinois State Senator Linda Holmes in her 2026 re-election bid.

On Saturday, August 2nd, DuKane ABATE proudly supports the Ride for John, a powerful event bringing attention to the fentanyl crisis and honoring those we've lost. The ride kicks off at Alley 64 in St. Charles, IL, with kickstands up at 11:00 AM, and concludes at the Carol Stream Town Center, where the community will come together for an afternoon of music by Southern Jack.

Sponsored by Law Tigers Chicagoland, My Child's Life Matters, and Sundown Inn Pub, this ride is more than just a scenic journey—it's a statement of solidarity and awareness. DuKane ABATE encourages all riders and supporters to join us as we ride with purpose and stand with families affected by this devastating epidemic. If you're up for a longer ride this August, DuKane

ABATE is proud to support the Templar Order Motorcycle Club's "Ride for YES"—a childhood suicide prevention run—taking place on Saturday, August 23, 2025, at Lake Station, Indiana American Legion Post #100. This ride is both heartfelt and powerful, as it brings riders together to raise awareness and funds to help prevent childhood suicide. Whether you're a seasoned rider or just looking for a purposeful ride, DuKane ABATE will be there, riding in solidarity and showing our full support. Join us on these scenic journeys for important causes—your presence can make a difference. Ride safe, ride strong!

President: Chris Hansen

The DuKane ABATE Bikini Bike Wash at Knuckleheads Tavern was a great success, thanks to the incredible support of our sponsors, Law Tigers Chicagoland and Wild Fire Harley-Davidson, and all the riders who came out to support motorcycle awareness and freedom. Thank you to the DuKane ABATE Santa Girls for all of their hard work! We also had the honor of participating in the Elburn American Legion Toys for Tots Run on July 20th, helping bring joy to local families in need. To cap off a powerful month of riding with purpose, DuKane ABATE proudly joined the 10th Annual Project Seth #Sethtastic Motorcycle Run on July 26th, supporting suicide prevention and mental health awareness. Thank you to everyone who rode, donated, or volunteered—your support keeps our mission rolling strong.

DuKane ABATE is closely monitoring recent city, town, and village ordinances concerning ebikes and scooters—most notably in Hinsdale, Illinois. Hinsdale adopted some of the region's strictest regulations: only lowspeed e-bikes (pedal assist, under 750 W) may operate on public roads, while highpower motors, onewheels, electric dirt bikes, and similar vehicles are entirely banned. The village also prohibits under18 riders on e-scooters and limits their speed to 10 mph. These e-bikes increasingly encroach on motorcycle territory in terms of speed, power, and user demographics—raising questions about where our freedoms and definitions begin. DuKane ABATE is committed to safeguarding the rights of all riders—regardless of age—and will stay engaged with local legislation to ensure that motorcycle freedoms are preserved. We're advocating for balanced policies that respect rider safety without unduly restricting mobility or undermining the heritage and freedoms of motorcycling.

DuKane ABATE is dedicated to creating a safer, more connected community for motorcyclists in DuPage and Kane counties. We invite all riders to become more involved, support our efforts, and help us make a difference. Be sure to join us on August 19th for our next DuKane ABATE Monthly Membership Meeting at the West Chicago American Legion Post #300 at 7:30 SHARP. Come hungry as Melissa will be making her famous tacos! Sheriff Jim Mendrick, a candidate for Illinois Governor, will be our guest speaker. These meetings are incredibly important to attend as you will hear reports from DuKane BOD Officers, and you will keep up to date on what is happening with motorcyclists' freedoms in DuPage and Kane Counties in 2025 as we work to preserve the legacy of motorcycling through resources, education, and political representation! 123 Main Street in West Chicago is the address.

Until next month,

Ride Safe – Ride Free

Hello All,

Petitions start August 5th. Go out and get some signatures for our friends or at least sign the petition if offered. There are committeemen positions open in both counties so if you really want to be involved, contact your local township party organization and run for that local spot. You could influence an election and help our friends.

SB 2075, the Rider Safety Bill by Sen Lewis, still sits on the Governor's desk. He has until August 27, 2025 to sign it or veto it, otherwise it automatically becomes law.

104th ILLINOIS GENERAL ASSEMBLY:

The Illinois General Assembly is currently on summer break. Both chambers will return for a two-week veto session on October 14–16 and October 28–30.

The House Executive Committee canceled its hearing to discuss [HB 4017](#). The hearing had been scheduled for July 8 at 2pm in the Bilandic Building in Chicago.

GOVERNOR'S HIGHLIGHTS:

Governor Pritzker issued warnings this week about the “devastating” impacts the passage of the federal budget bill will have on Illinoisans who rely on government assistance for healthcare and food, as well as the impacts on education.

The Governor predicts approximately 330,000 of Illinois’ 3.4 million Medicaid enrollees will lose coverage over the next 10 years, out of pocket expenses will rise for certain Medicaid populations, premiums will increase for the majority of families with ACA marketplace coverage, healthcare facilities are in danger of closing – including 9 rural hospitals and 90 nursing homes, new work requirements and changes to the redetermination, renewal and eligibility process which will present “barriers” to coverage.

The new law also prevents large nonprofits (like Planned Parenthood of Illinois) that provide abortion services from receiving Medicaid funding for any medical care, even unrelated treatments, for one year starting the day of enactment. This provision is expected to cost PPIL roughly \$16 million. A federal judge temporarily blocked the measure on Monday, giving the group’s clinics a two-week reprieve. The Illinois Department of Healthcare and Family Services and the Department of Public Health said they are working with PPIL “to minimize any potential future cuts” that would limit access for Medicaid patients.

Under the new law, Illinois will also need to cover a larger share of the administrative costs and benefits associated with the Supplemental Nutrition Assistance Program (SNAP), which may amount to several hundred million dollars in expenses.

The Governor also criticized changes that affect both K–12 and higher education. According to the Governor, the new law will negatively impact K-12 education by defunding programs that support working families. This includes the elimination of the SNAP-Ed program, cuts to Medicaid and SNAP benefits that affect students' access to healthcare and meals, the introduction of tax credits for private school donations that could reduce funding for public schools, and the removal of funding aimed at addressing air pollution in schools.

Furthermore, the Governor argues that the new law jeopardizes college affordability for working-class students throughout Illinois by lowering the annual limits for graduate and parent loans and eliminating options for student loan repayment.

Pure Lithium Corporation Moves Operations to Illinois: Governor JB Pritzker announced that Pure Lithium Corporation will relocate its operations from Boston to Chicago to support commercial production of lithium metal batteries. The move is supported by a \$46 million investment and the REV Illinois program. Pure Lithium’s Illinois operations aim to manufacture batteries for various markets, including drones, defense, consumer electronics, energy storage, and electric vehicles. The company plans to open a new facility in Chicago's Fulton Market district this year, expanding from its initial research and development phase.

Vice President/Legislative Rep.; Randy Ramey

Gubernatorial Appointments: The Governor made the following appointments.

- Manish Mehta will serve as a member of the Illinois State Toll Highway Authority.

- Jacqueline Haralelli will continue to serve as an Arbitrator on the Workers' Compensation Commission.

OTHER NEWS:

Election Update:

2nd Congressional District: Cook County Commissioner Donna Miller will seek the Democratic nomination in the 2nd Congressional District to replace Congresswoman Robin Kelly who is running for the open US Senate seat. Also seeking the Democratic nomination are State Senator Robert Peters, Eric France and Adal Regis. Former Congressman Jesse Jackson Jr. is also considering a run, although he has not made an official announcement at this time.

9th Congressional District: State Senator Mike Simmons announced that he will join the crowded field of candidates seeking the Democratic nomination to replace retiring Congresswoman Jan Schakowsky in the 9th Congressional District. Simmons, who is currently midway through his four-year term in the Senate, stated that he is running to support families who feel priced out of the district.

Also entering the Democratic race this week is Phil Andrew, a gun violence prevention advocate and attorney. Andrew has experience as an FBI hostage negotiator and later founded PAX Group, a crisis management advisory firm.

Other Democratic candidates include fellow State Senator Laura Fine, State Representative Hoan Huynh, Evanston Mayor Daniel Biss, Skokie school board member Bushra Amiwala, civil rights attorney Howard Rosenblum, progressive influencer Kat Abughazaleh, community organizer and former Schakowsky aide Miracle Jenkins, high school math teacher David Abrevaya, Evanston resident Bethany Johnson, environmental health and safety professional Justin Ford, and homeless advocate Lauren Million.

17th Congressional District: Montez Soliz of Rockford announced that she will challenge first-term Congressman Eric Sorenson in the Democratic primary. Soliz said the race is "a turning point for a generation ready to lead, ready to act, and ready to build a future we all deserve." Soliz stated that she would stand for "everyday people."

Illinois General Assembly:

Republican Linda Polacek, a York Center Park District commissioner and a Marine Corps veteran, announced she will challenge Democratic Senator Suzy Glowiak Hilton in the 23rd Senate District.

Crystal Loughran is once again seeking the Republican nomination in the 76th House District. Loughran lost the 2024 Republican primary to Liz Bishop 67-33. Bishop went on to lose a relatively close race to Democrat Amy Murri Briel.

Vice President/Legislative Rep.; Randy Ramey

Republican Ajay Gupta filed paperwork to run against Democratic Representative Janet Yang Rohr. Gupta is a tax lawyer and teaches at Chicago-Kent College of Law. The 41st House District leans double-digit Democratic.

Conservative personal injury attorney Zachary Meyer is challenging Representative Charlie Meier in the Republican primary in the 109th House District. Meyer is receiving backing from Tom DeVore, the failed 2022 candidate for Attorney General.

Several sitting legislators announced their reelection bids this week, including Senator Mike Halpin, Representative Dennis Tipsword, Representative Jeff Keicher, Representative Norrine Hammond, Representative C.D. Davidsmeyer, and Representative Dan Ugaste (who had been contemplating running for Governor).

AG Files Amicus Brief in Lawsuit Against US EPA:

Attorney General Kwame Raoul, with 19 other attorneys general, submitted an amicus brief supporting a lawsuit against the U.S. Environmental Protection Agency for ending the Environmental and Climate Justice Block Grant Program.

In their brief, Raoul and the coalition argue that the EPA's action violates congressional directives and constitutional principles. They request that the court halt the program's termination, citing that it causes significant harm to low-income communities and communities of color.

Thank you and be safe!

Randy

Hope everyone had a great July. Looks like the heat is here to stay. Make sure you stay hydrated when riding. It's a pretty easy thing to fall behind on since the wind helps cool us down. So far this year we have had 75 fatalities on motorcycles in Illinois. Unfortunately, this is the time of year the number grows daily. Please make sure you pay attention to other driver and road conditions.

We have done presentations to over 3400 students so far this year with the fall semester right around the corner. So, get out enjoy the weather and ride.

May finances are still out of balance by \$0.11 (same as last month; Old Glory Bank is +\$0.11). Now I suspect it's probably me fat-fingering a transaction entry. I'll figure it out eventually. Unlike last month, the credit sum and debit sum for the month are exact. Everything else is accounted for.

The Treasurer's position is open. I plan to continue through the end of the year helping a new Treasurer transition smoothly. This is not a difficult position, but there's a lot of detail; it needs an OCD mind, lol. If you're interested and would like additional information, please let me know. It takes about 4 hours per month to do everything needed. I will teach you all you need to know.

If you have questions, comments, or improvement recommendations, just e-mail me at DuKaneTreasure2014@gmail.com. I'll do my best to respond quickly and thoughtfully.

Mark Del Monaco

Webmaster/Public Relations: Nathan Klapatch

Hey, everyone,

This has been quite an eventful month for me and for ABATE a few different reasons. As usual, we've had events that we've hosted and attended several events.

While I haven't been to all these events, I did have an important development over Independence Day weekend: I took one of the state-sponsored motorcycle safety course in Joliet. There were classroom and riding portions to provide me and other riders textbook knowledge and driving skills. It was intense, taking place Friday evening and all day on Saturday and Sunday when it was very hot out. Worse yet, I had a chronic stomach issue that reared its ugly head one morning, so I wasn't sure if I'd make it to the end. But, with some caution, patience, perseverance, I managed to finish the course and even pass the driving test.

With that said, I have a taste of what riding is like, and soon, I should be able to ride a motorcycle myself. However, I don't feel ready to become a full-fledged rider. The rider coaches specifically recommended that we don't try group riding right away, and for good reason. In driver's ed courses, students have the chance to drive a car on actual roads, but my motorcycle safety course wasn't like that. On one hand, I did learn about important riding maneuvers and steps in the riding process. On the other hand, my training was just on a closed course, and we didn't go faster than 30 miles per hour. The course humbled me and gave me the feeling that I still have a lot to learn about riding. As time goes on, I would like to slowly but surely gain some real-world experience and skill for riding. As such, I'm hoping that my colleagues will give me some time and patience to grow as a rider.

I hope to see you soon.

Nathan
