

From the President: Chris Hansen

Hello DuKane ABATE!

It is with great sadness that we share the passing of our longtime friend, Jimbo Kamis. Jimbo was a longtime employee of Heritage Harley-Davidson and Conrad's Harley-Davidson and a familiar face to so many throughout the local motorcycling community. Over the years, he became a friend to many members of the DuKane ABATE family, and his passing will be felt deeply by everyone who had the privilege of knowing him. Our thoughts are with Jimbo's family, friends, former coworkers, and all those whose lives he touched. A Celebration of Life will be held on Sunday, October 18, 2026. We will meet at the old Heritage Harley-Davidson building at 3:00 PM, make a stop at Bedrocks, and then end at the Plainfield American Legion Marne Post 13. We encourage Jimbo's friends from DuKane ABATE and throughout the riding community to join us as we come together, share some stories and memories, and celebrate the life of a great friend who will be missed by many. Rest easy, Jimbo. You will be greatly missed and never forgotten. Ride on in the sky.

DuKane ABATE PR Officer Nathan Klapatch and I recently had the opportunity to attend the Motorcycle Riders Foundation's Meeting of the Minds in Milwaukee, Wisconsin, alongside Greg and Patty Smith, Neal Toepfer, Teri Smith, Todd and Susan Farthing, Badger, Dennis "Cleaver" Yeager, Ryan and Gail Hubbard, and many other ABATE of Illinois members. It was a great weekend filled with valuable information, productive discussions, and the opportunity to connect with motorcycle-rights advocates from across the country. Some of the major topics discussed included efforts surrounding the federal definition of a motorcycle, Right to Repair, and other important issues that could impact riders and our freedoms in the years ahead. ABATE of Wisconsin did a phenomenal job hosting the event and making everyone feel welcome throughout the weekend. One of the best parts of the Meeting of the Minds is having the opportunity to build relationships with advocates from other states, including Travis Fahlsing of ABATE of Alaska, and share ideas about the challenges facing motorcyclists across the country. Nathan and I came home with new information, new connections, and ideas that we can bring back to DuKane ABATE and ABATE of Illinois as we continue working to protect the rights of motorcyclists. Events like the Meeting of the Minds are a great reminder that while we may work at the chapter and state levels every day, the fight to protect motorcyclists' rights reaches far beyond Illinois.

DuKane Chapter reserves the right to edit any article submitted for publication for misspellings or inappropriate language.

President: Chris Hansen

DuKane ABATE is reaching out to members of motorcycle clubs throughout our area and encouraging you to become part of our chapter. Motorcycle clubs founded ABATE, and it's time to strengthen that connection again. We want club members involved in DuKane ABATE, and just as importantly, we want DuKane ABATE members getting out and supporting club rides, benefits, fundraisers, and other events. We are all part of the same motorcycling community, and the issues affecting one group of riders can ultimately affect us all. With concerns about motorcycle profiling in Illinois, building stronger relationships across the riding community is especially important. Fighting profiling and protecting the rights of motorcyclists will take people willing to stand together, speak up, and stay involved. If you belong to a motorcycle club and aren't currently an ABATE member, we invite you to join DuKane ABATE, get involved, and help us strengthen the voice of motorcyclists across Illinois.

DuKane ABATE is dedicated to creating a safer, more connected community for motorcyclists in DuPage and Kane counties. We invite all riders to become more involved, support our efforts, and help us make a difference. Be sure to join us on October 20, 2026, for our next DuKane ABATE Monthly Membership Meeting at the West Chicago American Legion Post #300 at 7:30 SHARP. Candidate for DuPage County Regional Superintendent of Schools, Amber Quirk, and candidate for DuPage County Board Chair, Gary Grasso, will be our guest speakers. These meetings are incredibly important to attend as you will hear reports from DuKane BOD Officers, and you will keep up to date on what is happening with motorcyclists' rights and freedoms in DuPage and Kane Counties in 2026 as we work to preserve the legacy of motorcycling through resources, education, and political representation. 123 Main Street in West Chicago is the address.

Until next month,
Ride Safe – Ride Free

Chris Hansen

OF ILLINOIS.

Proper training of
riding a motorcycle
leads to
safer roadways
and less fatalities.

Vice President/Legislative Rep.; Randy Ramey

Hello All,

Election Day is 4 weeks away. **Early Voting** and **Vote by Mail** is started, There are no excuses for you not to be voting and supporting our friends. Voting has consequences and I have listed some issues below.

TAXES

Illinois' tax code stands in the way of the state's economic competitiveness. The combination of high tax burdens and a poor tax structure contributes to the loss of jobs and investment to other states. From a place of former economic dominance, Illinois now ranks 45th in gross state product (GSP) growth over the past decade and 49th in interstate migration, losing some 943,000 people and nearly \$90 billion in adjusted gross income to net outmigration over the past decade. Taxes are not the only reason for Illinois' challenges, but they are an important contributor. This research identifies 10 reforms that would enhance the state's tax competitiveness. Some represent substantial changes while others are comparatively modest, but independently or as a whole they would make Illinois a better place to live, work and start (or grow) a business. They are:

- **Eliminating the throwback rule**, which raises little revenue but makes it hard for some remaining businesses, especially small manufacturers, to operate in Illinois, because it imposes Illinois' high tax rates on all income not taxed by another state.
- **Providing first-year expensing for machinery and equipment** to eliminate the current tax code's bias against capital outlays and treat these investments like other ordinary business expenses.
- **Evaluating economic development incentives**, curtailing the least efficient credits and reforming others to yield a better return on investment and free up revenue that could provide broad-based tax relief.
- **Decoupling from a tax on international income (NCTI)** that distorts the federal-level tax it attempts to copy and increases costs for Illinois businesses and consumers.
- **Permanently uncapping net-operating-loss (NOL) deductions** to ensure that businesses don't face effective rates well in excess of the actual statutory tax rate, and to eliminate a particularly egregious penalty on startups.
- **Repealing the corporate franchise tax**, an antiquated tax that imposes high compliance costs and is levied without regard to ability to pay.
- **Modernizing the sales tax base** to make the tax fairer and more economically neutral, and to pay for reductions in the tax rate.
- **Repealing the estate tax**, which drives many high-net-worth households out of the state in the final years of their lives, harming the state's economy and depriving the state of other tax revenue from them in those years.
- **Expanding property tax levy limits**, stripping out restrictions that have rendered them largely ineffective and turning these limits into a meaningful tool to rein in property tax burdens.
- **Reforming unemployment insurance taxes** to better align them with the overall policy goal of reducing unemployment.

Illinois is a high-tax state. That makes it even more important that policymakers get the tax structure right. These reforms, separately or in combination, will make Illinois more competitive, helping the state attract and retain jobs and grow the economy.

Illinois has a tax problem — and unfortunately for the state, its high tax burdens and poorly structured tax code constrain economic growth. Many other states would, of course, love to have Illinois-level personal incomes and economic output, but while they are growing aggressively toward those goals, Illinois' once-dominant economy shrinks each year.

Moreover, much of Illinois' perceived advantage is offset by taxes and a higher cost of living. While Illinois residents earn more on average than their Indiana peers, Hoosiers' lower tax burdens and lower cost of living yield growing parity in after-tax purchasing power — about \$63,500 in purchasing power (adjusted per capita after-tax income) in Illinois, compared with \$59,500 in Indiana, with the gap closing. Illinois' sustained underperformance on economic growth, net migration, employment and business formation, moreover, exacerbates the state's long-term fiscal challenges, particularly its looming pension crisis.

Vice President/Legislative Rep.; Randy Ramey

LOWEST CREDIT RATING

Despite two recent upgrades, Illinois' credit rating remains the worst in the country, with a couple key issues holding the state back. Moody's Ratings raised the state to A1 from A2, and S&P Global Ratings elevated Illinois to A from A-. The ratings are based on a government's ability and willingness to pay back debt principal and interest on time. The agencies said significant [headwinds](#) remain in Illinois, including sluggish economic and population growth and the state's unfunded pension liabilities. A higher credit rating enables a state to borrow or roll over existing debt at lower interest rates. A lower rating creates more risk for investors, who will demand higher interest payments.

Illinois' worst-in-the-nation credit rating hurts taxpayers. A Charles Schwab [report](#) from shortly before the ratings upgrades using Bloomberg data showed that Illinois' 10-year bond yields are 62 basis points, or 0.62%, higher than bonds issued under a "generic 10-year AAA index." Applying that to the \$2.6 billion in general-obligation bonds Illinois [plans](#) to sell this year would mean \$16.1 million more in annual interest payments than states with the highest rating. That could slightly improve given the recent upgrades.

The upgrades reflect the state's progress in improving its fiscal standing. Since 2019, the year Gov. J.B. Pritzker took office, Moody's has [upgraded](#) Illinois' credit rating five times from Baa3, the lowest rating deemed investment-grade and one notch above junk status. S&P has [upgraded](#) the rating four times, from one notch above junk status, BBB-, to A. Including Fitch Ratings, the governor's office boasts of [12 upgrades](#). Moody's [identified](#) two key factors weighing down Illinois' credit rating: the large unfunded pension liabilities, which require increasingly higher state contributions, and Illinois' much slower economic growth compared to the rest of the U.S., driven by residents and businesses [fleeing](#) the state, reducing the [revenues](#) Illinois has to pay its debt obligations.

FLOCK CAMERA'S

With [automated license plate readers](#) a common policing tool in Illinois, residents want more transparency and stronger safeguards, and a [federal appeals court](#) will hear arguments this month on whether the state's use of the cameras violates the U.S. Constitution. The Illinois debates mirror national concerns: More than [50 cities and counties](#) across the U.S. have canceled or deactivated the cameras so far this year over privacy and data-sharing concerns.

Unlike red-light or speed cameras, [ALPR cameras](#) do not issue tickets. They photograph passing vehicles, capturing license plates and possibly the make, model and color of the vehicle and the location, date and time of the image. Police can search the information during investigations or receive alerts when a license plate matches a vehicle on a "[hot list](#)." [Flock Safety](#) is the nation's largest provider of ALPRs, with more than [120,000 cameras](#) across 49 states capturing more than 20 billion license plate scans each month. For the Illinois State Police, [Motorola Solutions](#) is the primary camera provider. The program was scheduled to expire in [2023](#), but lawmakers continue to [extend](#) it. Pritzker signed legislation last year extending the program through [July 1, 2028](#). As ALPR use expanded, concerns emerged among state leaders about who could access the data. [Illinois law](#) restricts ALPR data from being shared for immigration enforcement or investigations involving health care that is legal in Illinois.

While the cameras in Illinois are touted as a tool for good, there are [debates](#) over how much information is collected, how long it's retained and who can access it. At the Sept. 1 Joliet City Council [meeting](#), residents asked for periodic reports showing how often police use Flock camera data and for what purposes. Police Chief Rob Brown said the department is updating its Flock policy, strengthening audits and considering posting reports.

At its [city council meeting](#) Aug. 25, residents called on Aurora to terminate its Flock contract, citing concerns about public oversight, data sharing and potential [Fourth Amendment implications](#). Despite residents and privacy advocates urging it to reject the surveillance system, the [Pekin City Council](#) voted Aug. 24 to renew the city's annual contract with Flock Safety for its network of 54 ALPR cameras.

License plate readers give police another tool to investigate crime, but their expansion raises questions about the appropriate limits of government surveillance. Clear limits on who can access license plate data, how it can be used and how long it can be stored can prevent public-safety tools from becoming a system for tracking residents without sufficient oversight.

More issues prevail, such as the resurgence of socialism. Know your candidates, know the issues and be sure to **VOTE!**
Thank you,
Randy

Rest in Peace Rod Taylor ABATE Legal:

written by Jay Jackson of ABATE of Indiana.

The motorcycling world has lost a great champion. Rodney V. Taylor died on September 21st, 2026. A highly regarded attorney, Rod probably has his fingerprints on every waiver, contract, lease, disclaimer or legal document that any State Motorcyclists' Rights Organization (SMRO) has utilized in the last 40+ years (pro bono, I might add). He often referred to himself as our "consigliere". In addition to being "house council" for many SMROs, he represented a tremendous number of our members and other riders. While Rod was a great lawyer, he was so much more than that. When he took your case, he was your friend, he was your family.

Volumes could be written about Rod's accomplishments and the individuals and organizations that he has assisted. He had a hard time saying no and was never shy about helping, but preferred to give others the credit and accolades. He was always quick with a story, but was just as excited to listen to a tale, as to tell one. If you were around Rod much, you probably heard one of his favorites about being the "Sheep Shearing Champion" of Wayne County, Illinois.

He had a great deal to be proud of with regard to professional successes and personal triumphs. However, family and relationships are what Rod held in the highest regard. Being a good father, husband and friend were his greatest rewards.

Rod was a huge history buff with a specific interest in the U.S. Civil War. He was an outspoken American and loved cowboy movies, war movies, the History Channel, John Wayne and Johnny Cash. He was quite fond of spinning stories that inspired patriotism.

No man is immortal, but Rod truly was bigger than life. It's hard to imagine a world without Rod Taylor in it.

In true John Wayne fashion, Rod didn't want any "big deal" in response to his passing. He made his family promise not to throw a big funeral and not even an obituary, but if you want to pass any stories along to the family, those may be sent to his daughter, Hilary at hilarybarnes@abatelegal.com. We love you Rod, and we'd like to respect your wishes, but I'm afraid we simply cannot let you go without bragging about you. Just like you always did with all of us. You believed in people. You championed them. You told their stories, celebrated their accomplishments and made sure that others knew how much they mattered. So please forgive us Rod, but this one time, it's our turn to make sure you know how much you matter.

Education and Safety; Steve Waltz

Welcome to Fall. We are now looking at some of the best riding weather of the year. Temperatures are getting cooler during the day and at night. With the change in the season, it is important to watch out for deer and other animals who are out earlier as the days shorten. There is also the issue of falling leaves which can cause additional road hazards when wet. As always, keep your eyes wide open.

We are in the process of picking up two new high schools to visit Hampshire High School and Somonauk High School both are scheduled for presentations in November. We are also participating in the DuPage Sheriff Safety Day on October 3rd, at the DuPage County Complex, 501 N. County Farm Road, Wheaton from 9 am to 2 pm. Finally remember the Toy and Food run October 11 Sycamore Speedway.

Steve Waltz
Safety and Education

Independent Rep; Horsepower

Hey, everyone,

Our Toy Run is coming up, and we're getting ready to make it a great 40th Anniversary! But we can't do it without your help. We need volunteers, riders, and plenty of toys and food! So make sure to show up at Knuckleheads Tavern on October 11 to join us in celebrating this milestone and help our local families.

We have various establishments collecting toys and food right to give to families in need after the run. We've mentioned such establishments on social media, but if you'd like to see a list of them, we have one on our website:

<https://dukaneabateil.org/toy-run-donation-box-locations/>

So feel free to stop by the included locations to drop off your toys and food before the ride. I hope to see you there!

Nathan

RIDING AND PROVIDING FOR THE KIDS!

Events: Chris Newman

HELP SET UP OUR

40TH ANNUAL DUKANE ABATE TOY AND FOOD RUN

Please stop by Sycamore Speedway at 10:00AM on Saturday October 10th to help us set up for the Toy Run. Many hands make light work. We are usually done by around 1:00.

We also need help setting up at Knuckleheads / Schmidt's Towne Tap in Elburn on Toy Run morning, Sunday 10/11. Please come by at 8:30 AM to assist with setting up our start point. Registration Volunteers for burn please check in with Tracy Grzenia at 8:30 AM.

El-

40TH ANNUAL DUKANE ABATE

TOY AND FOOD RUN

It is time for the 40th Annual DuKane ABATE Toy and Food Run! We need everyone to join us and get this done for the kids! Please, if you plan to help out and volunteer, let me know. We need your name and information on a list so everything will run <https://dukaneabateil.org/events/tfr/toy-food-run-volunteers/>

Or you can text or call me at 630-302-4445 anytime.

Grab your friends and show up early to Elburn with a full tank of gas. Registration starts at 9:30. Leave your UNWRAPPED toys and food strapped on your bikes. Yes, we need nonperishable food too! We fill the trailers at the Sycamore Speedway party. First thing to do is head to our registration booth with \$20, cash only, in your hand and get your wristband. Pick up one of the kickstand pucks at The Law Tigers tent. Parking is all grass at the Speedway.

Events: Chris Newman

Santa will be waiting for you. Rise and Dine is serving breakfast on the Knuckleheads patio, Schmidt's and Knuckleheads will be open serving their menus for you as well. You can also grab a coffee from the Corner Grind. What more can you ask for? Well I'll tell you!

Knight Club Nutrition is there for your healthier morning beverages. The Repeat Offenders will be rocking the stage. Be sure to get your pictures with Santa Claus and the DuKane ABATE Santa Girls. Find our Santa Girls to get your 50/50 raffle tickets too. What a way to start a day!

Pastor Randy Schoof will be blessing our ride and event at 12:10. There will be a few pre ride announcements at 12:15, and then start your engines! The parade kicks off at 12:30 sharp lead by the Kane County Sheriff's Department. Every intersection is blocked for our safety.

At Sycamore Speedway, you will be greeted by our friends from the Christian Motorcyclists Association (CMA) who will direct you to your parking spot. Place your unwrapped toys and food donations on the flatbed trailers provided by

ILCOA, then come on into to the show!

Upon arrival, all Veterans and current service members please head directly to the big beautiful ABATE Trailer by the main stage and find SSG Frank Lorang. He is our Flag Line Coordinator. Please allow us to honor your service while Dennis Lexa performs the National Anthem during the opening ceremonies.

Stop by Fernando's Street Kitchen and the Sycamore Speedway Grill and check out the most excellent food they will be cooking up for us.

So many animals, so little time. Be sure to give belly rubs to all of our furry orphans as you walk in. Dozens of adoptable pets will be on site. What better place to pick out your new best friend? Riding a motorcycle and wondering how to get your new family member home? No problem! Rockin' Resq will take care of the transportation, just ask.

Events: Chris Newman

Riding the Mechanical Bull is free of charge. Play as much as you desire, but please donate if you can. Be sure to visit the many vendors for you informational and shopping pleasure. ROCKHOUSE will be giving it all away on stage. Thank you Toga talent for coordinating our music!

We are not done yet, be sure to stick around for the legendary DuKane ABATE Toy and Food Run Burnout Contest, \$300 to win, \$150 2nd place, \$100 3rd place! The winner also receives honor, glory, fame, a trophy, and a new tire donated by The Law Tigers, including installation by Maxximus Motorcycle. This is an event not to be missed. Remember, we are doing this for the many local kids in need. See you there.

When it is all over, it would be most excellent if you could hang out for a while and help us put all of our toys away before you head out.

BIKE NIGHTS!

Get out and enjoy our local motorcycle scene. Let me know if you are hosting a Bike Night Event to add to the list.

Sunday October 4th, 8:00 AM – 3:00 PM . The Elburn All Wheel Car and Motorcycle Show. Sounds like a good time, right? They say 300 to 400 cars and motorcycles typically register. Did you know that the Elburn Lions All Wheels Car Show has a motorcycle division? Bring that excellent old motorcycle and enter it in the show.

Can you stop by and help out with our DuKane ABATE information booth? Work with us to promote the Toy Run and sell a few State Motorcycle Raffle Tickets. The Elburn Lions Annual Fall Classic All Wheel Car Show is a fundraising event that takes place the first Sunday in October. The event is held on our beautiful grounds each year and is a fun family event. Almost 300 to 400 Cars and Motorcycles take part in the show.

GATE OPENS AT 8 AM | REGISTRATION CLOSING AT 12 PM Pre-registration Entry Fee: \$15 (\$20 at the gate). Spectator admission is FREE. FREE chili with vehicle entry while it lasts. Donuts & coffee available in the morning. Concessions by Elburn Leos. DJ Music by Dave Palmer of 3D Sound C. Cash Bar & 50/50 Raffle. Sports will be available for viewing in the clubhouse. Service dog's only allowed on grounds. No outside alcohol

Head to <https://elburnlions.com/car-show/> for details.

The advertisement features a side profile of a red and chrome cruiser motorcycle against a black background. In the upper left, a logo for "Spider's Cycle Werks" is displayed, with the word "Spider's" in a red, jagged font and "Cycle Werks" in a black, blocky font, all set within a spiderweb graphic. On the right side, the text "COME SEE US!" is written vertically in a white, outlined font. At the bottom, contact information is provided in two columns.
